

THE DRESS

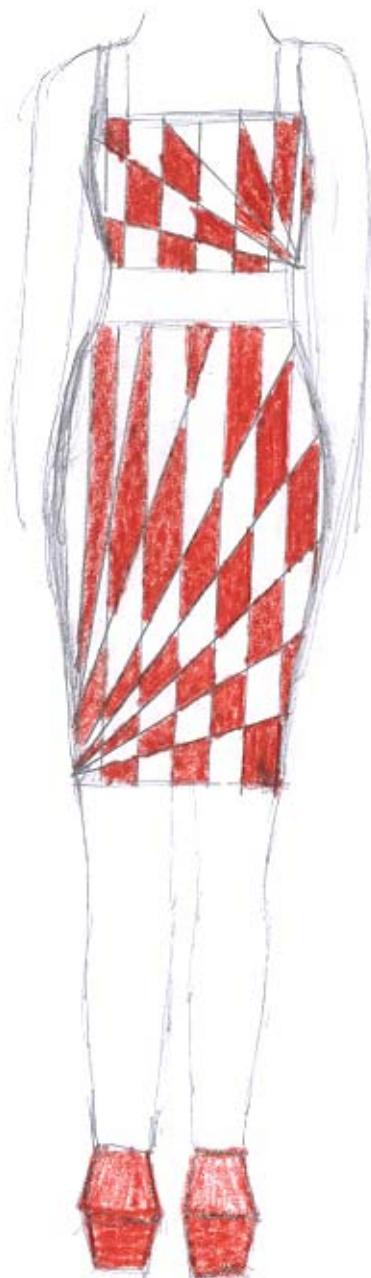

What should I wear to the gala? Should I wear this one?

This one makes me look small and curvy, I don't like it

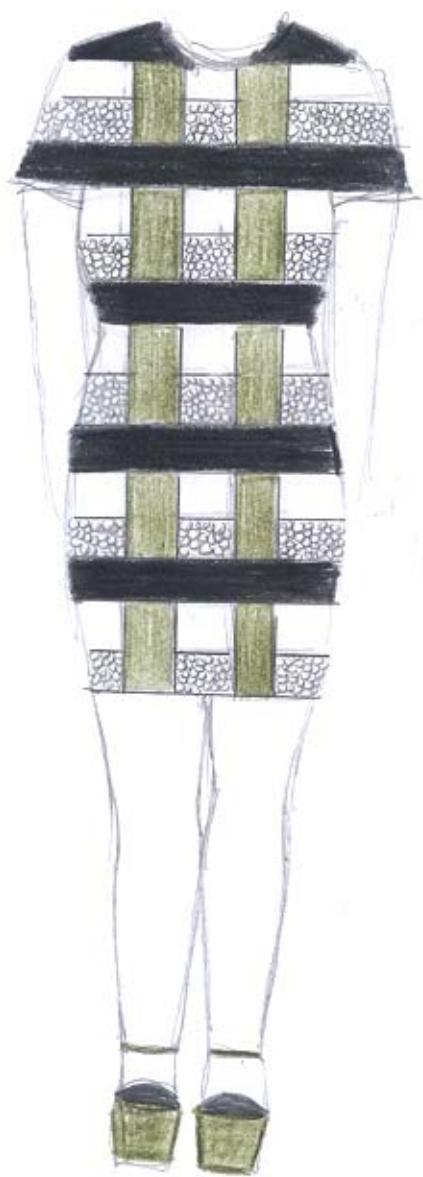

This one shows my belly, I don't like it

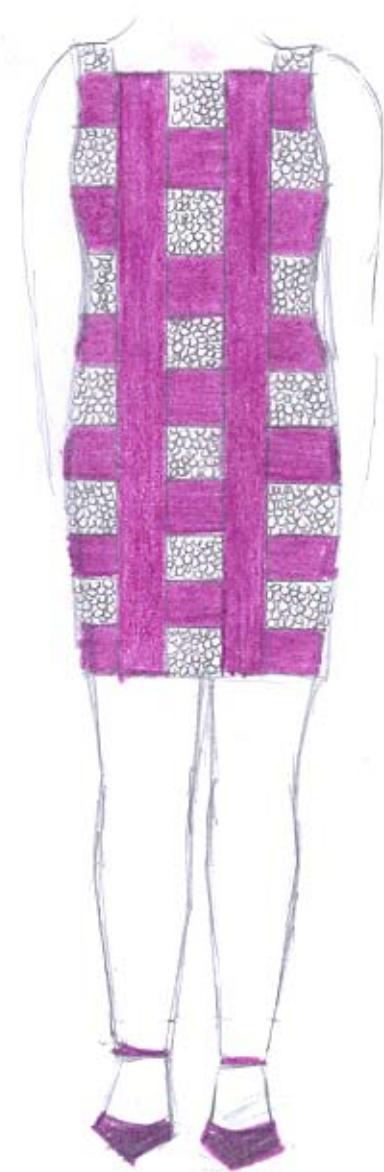

This one makes my body look weird!

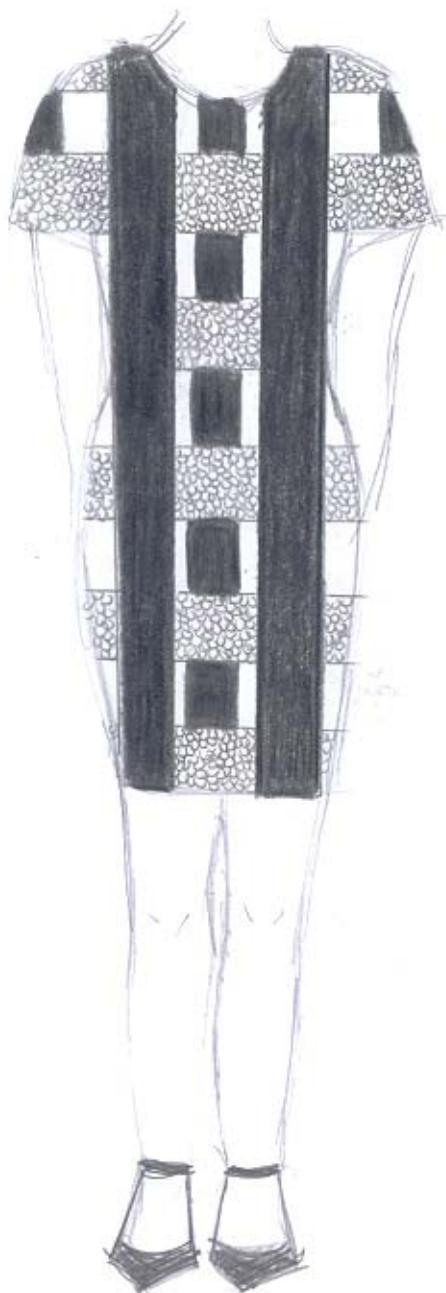

I like it, but it's not my favorite colours

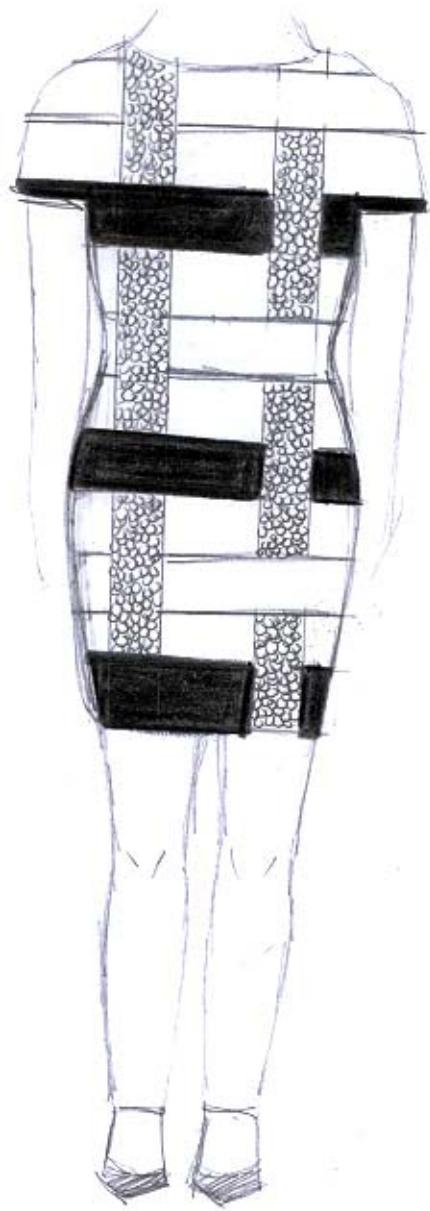

This one has beadings, kinda what I like, but the stripes make me look bad

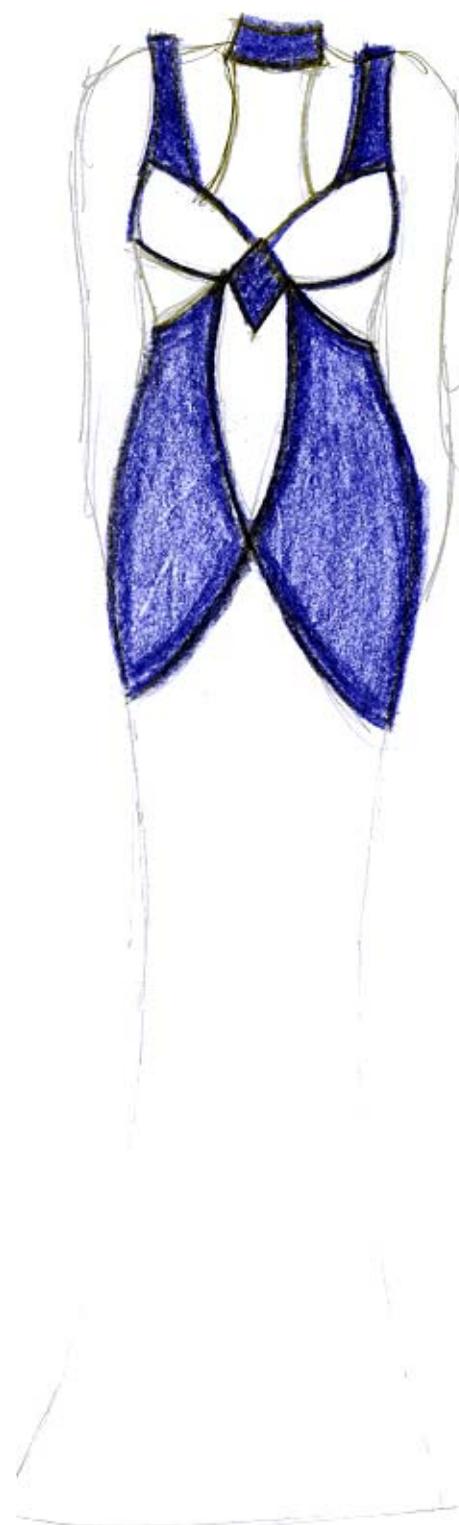

This one shows too much skin

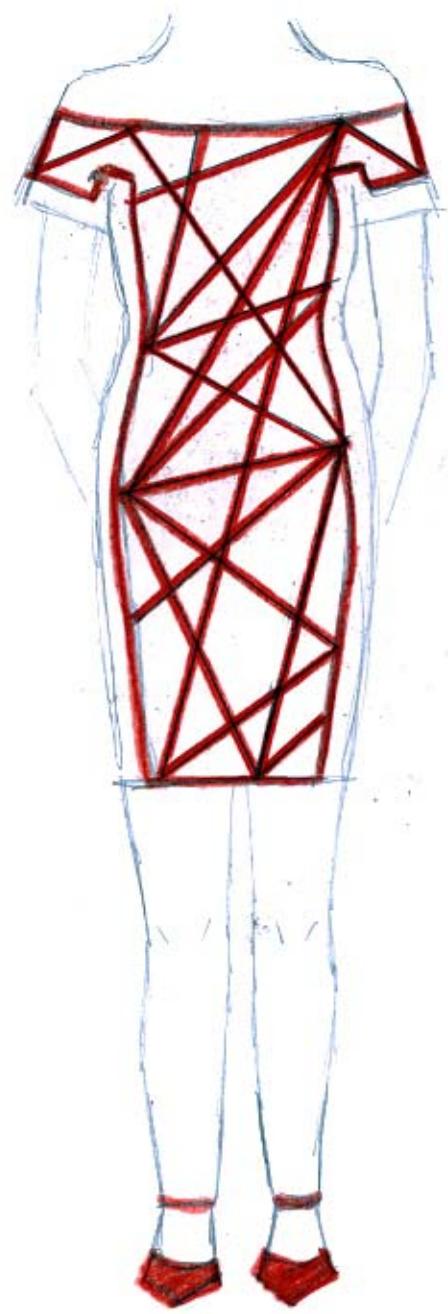

I don't really like the colour combo...

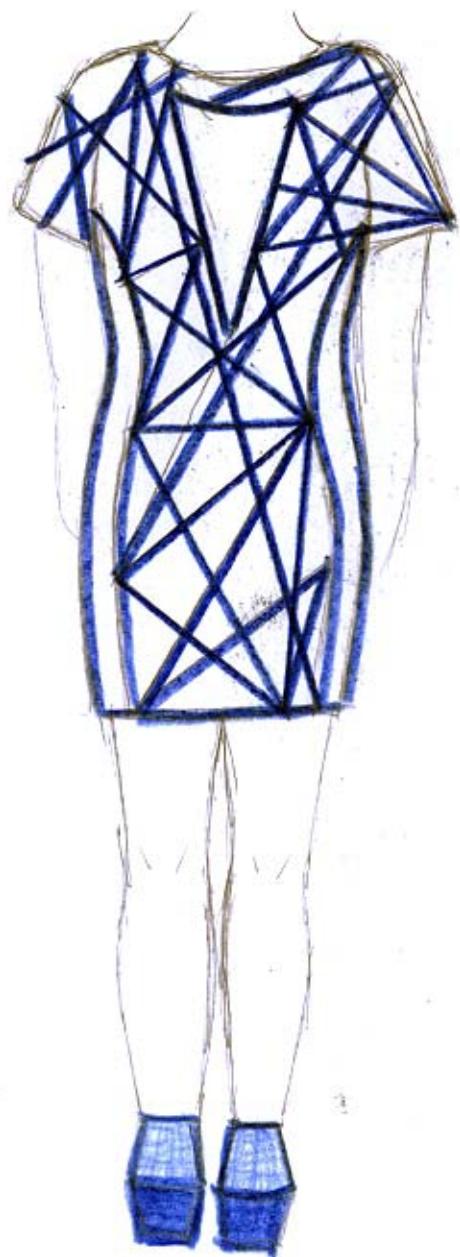

This dress is too edgy!

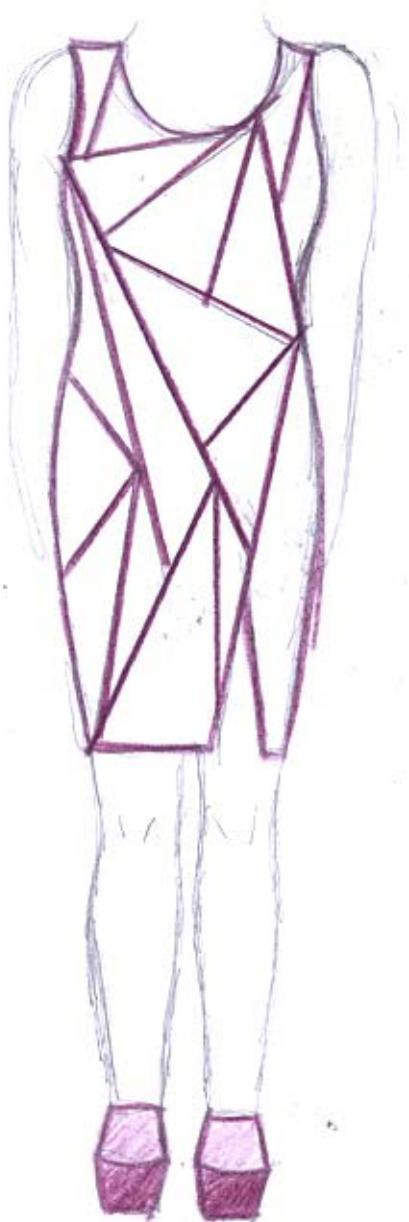

If it was a bit brighter it would be even more cute

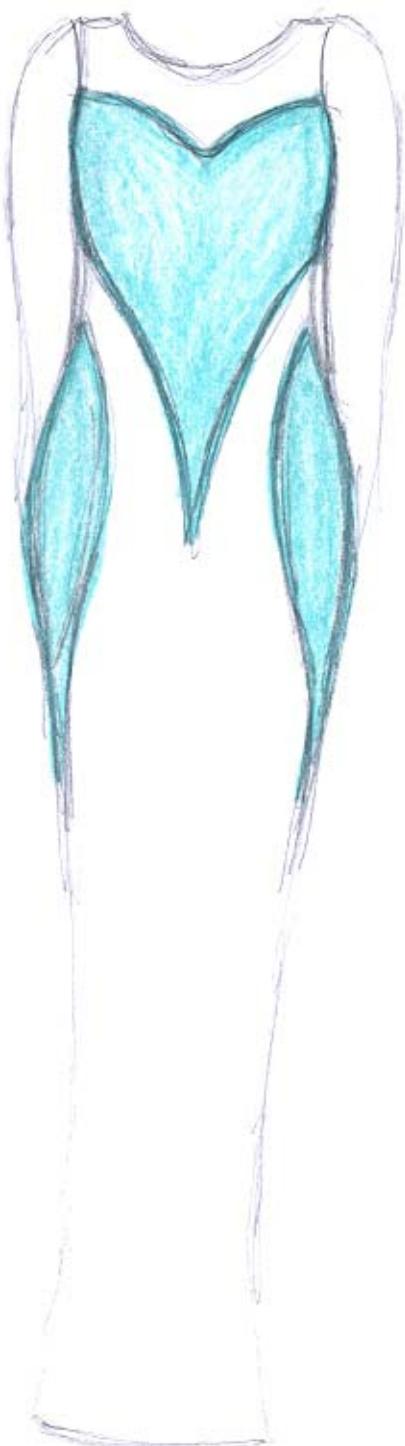

The colour doesn't go well with my skintone

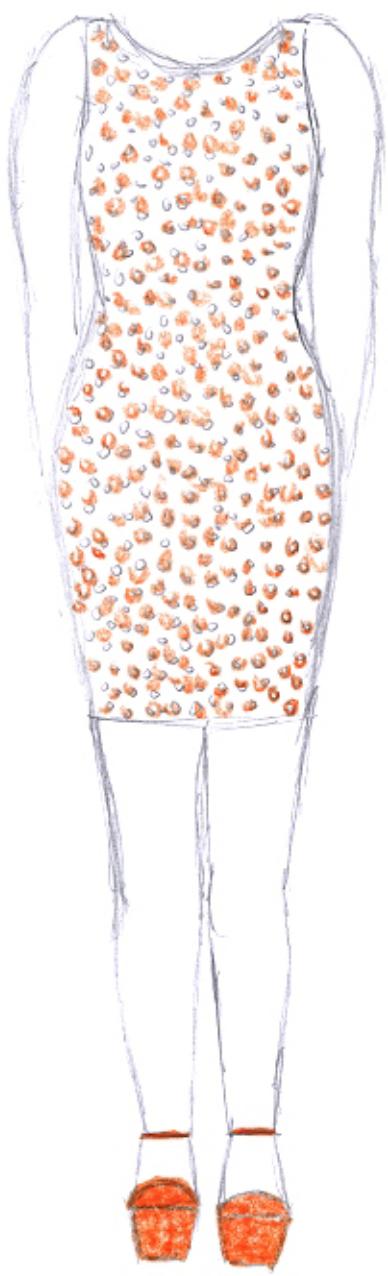

I don't like the pattern of this one.

This one is really bright, not what I'm looking for

This makes my legs look fat!

The cleavage is really accentuated in this crop top, I don't like it!

The skirt is too tight + the waist

Green is definitely not my color.

AG

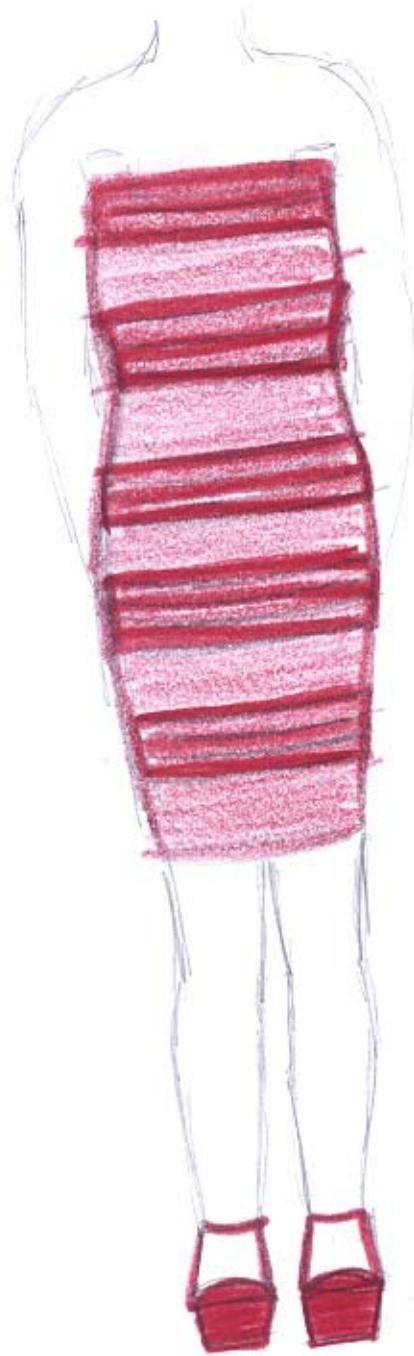

The shape of the dress isn't form hugging

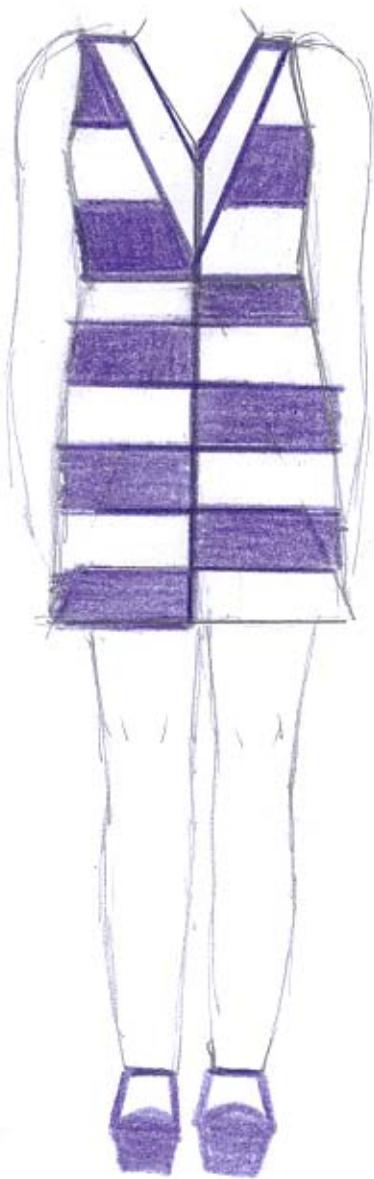

I don't like squares...

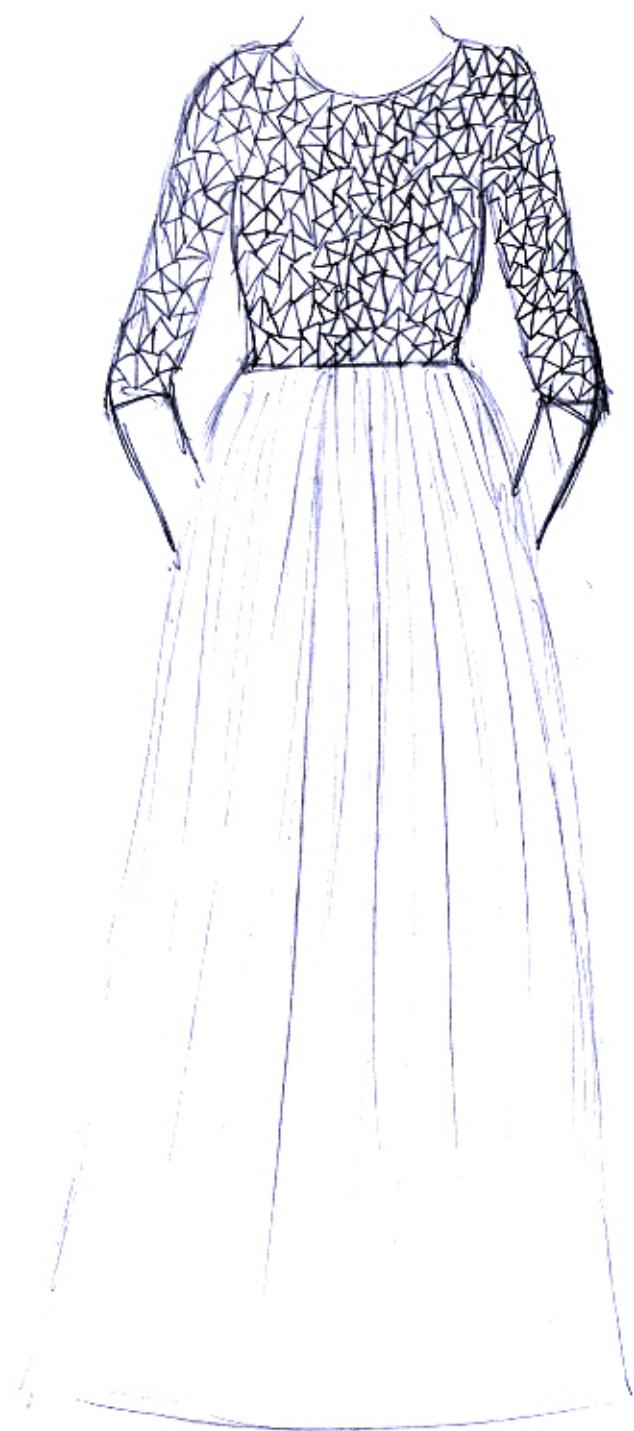

Stripes don't look well on me

I don't like the neckline.

This is the one!
